New and Innovative Courses for Precision Agriculture
(NICOPA)

WP4 – Dissemination and Exploitation

NICOPA strategy - plan for Dissemination, Sustainability and exploitation

New and Innovative Courses for Precision Agriculture

NICOPA strategy - plan for Dissemination, Sustainability and exploitation.

Effective dissemination is essential in order to make sure that the project and their effect will be visible. The NICOPA consortium will be disseminating the results of the project to multiple audiences, via different channels, at different intervals, etc. The aim of this dissemination strategy is to maximize the impact, visibility and credibility of the project. The objectives of the strategy are as follows:

- Design, develop and regularly update the NICOPA website.
- Share information about the project and publish its findings via both traditional media (e.g. press relation) and digital media (e.g. social media)
- Transfer knowledge to industry about changes in academic area - the creation of new training materials, educational resources and the new curricula.
- Support the development of a strategy for the exploitation.

1. Strategy of activities

The dissemination strategy emphasizes free and efficient information exchange, delivering outcomes, and interaction with other external institutions associated with the activities of the project. Dissemination phase of the project consists of the following activities: design and maintenance of the project website, social media, annual newsletters, development of PR materials, the awareness building events and exploitation actions in Uzbekistan.

Dissemination and exploitation activities will address the following target groups and be organized following:

- Event-based dissemination. The project will organize a minimum of 3 annual dissemination workshops to inform and engage with the national academic communities. The Final project Conference will address a broader audience bringing together additionally policy makers, NGOs, education authorities, other stakeholders important to the best practice proliferation in the countries.

- Web-based dissemination. The project website will serve as a major interface and community building platform. In addition to being a repository to all tangible outcomes (training and teaching materials, webinars, results of the Feasibility Study, Repository entry point, methodological materials, reference materials, etc.), it will enable community activities (blogs, social networks interface, FAQ, etc.). On top of that, all partners will use other available web-based dissemination channels (own websites, mailing lists, community resources). All target groups will be addressed.

- Traditional dissemination. The project will produce the set of traditional promotional materials, it will publish major results in media (general public) and professional journals (academic community). Additionally, the project will organize several briefing meetings with policy making stakeholders to enable a multiplier effect.

2. Exploitation planning and exploitation of the results:

- Exploitation planning. The project will plan the exploitation (including how to bear running costs) of such principle outcomes as the set of developed methodological materials, the Repository, the website, etc. for the period of 3-5 years after the project end.

- Exploitation nature: public nature - openly available for re-use.

- Involving into practical aspects of dissemination/exploitation: involving external stakeholders in Evaluation trial and in developing practical tutorials during workshops to ease external exploitation and uptake.

NICOPA

Minutes of Coordination meeting with Uzbekistan universities

- Organisers:** National University of Uzbekistan
- Date:** November 20, 2018, 15⁰⁰-18⁰⁰.
- Venue:** National University of Uzbekistan, Faculty of Physics, 2nd floor, room 122
- Participants:** Representatives of the project working groups from the Tashkent University of Information Technologies, Tashkent Institute of Irrigation and Agricultural Mechanization and the National University of Uzbekistan, Coordinator of the National Office of Erasmus + Uzbekistan (List of participants is attached).
- Working language:** Russian and English
- Objectives:** Meeting with the project manager Dr. Arnold Sterenharz (Germany). Preparation for the start of the project

Grantholders meeting of new CBHE projects

Grantholders meeting of new CBHE projects January 28-29, Brussels

A two-day meeting of Grantholders and project participants who received funding within the framework of the 4th Call on “Capacity Building in Higher Education” was held on January 28-29 in Brussels. During the coordination meeting, the participants were familiarized with the information on the results of project selection, effective project management, financial management and preparation of project reports.

<http://www.erasmusplus.uz/news/Grantholders-meeting-of-new-CBHE-projects.htm>

Activities

Kick-Off Meeting Berlin 04 - 05 March 2019 Technical University of Berlin

Special session was conducted where presentations of each consortium partner took place; key roles/activities and responsibilities in the project of each consortium partner were determined.

Field monitoring of NICOPA project

Field monitoring of NICOPA project

2 May 2019

National University of Uzbekistan

Discussion of the field monitoring results of the NICOPA project by the National Erasmus + Office have been taken place on May 2, 2019, as well as a discussion of the conclusions and recommendations of the EACEA (Agency) employee - project advisor Piia Heinämäki based on the results of the monitoring.

National meeting

Discussion of the field monitoring results of the NICOPA project

4 August 2019

National University of Uzbekistan

In order to ensure the active participation of NUU in the implementation of NICOPA project, the meeting of the project was held between National partners. The meeting was organized to discuss results of the field monitoring of the Erasmus + program in order to implement the comprehensive monitoring policy of the Agency for Education, Audiovisual and Culture Executive Agency (EACEA).

Erasmus+ NICOPA: New and Innovative Courses
for Precision Agriculture

Meeting minutes

Date: August 4, 2019

Time: 14:00

Venue: National University of Uzbekistan,
Faculty of Physics, 4th floor, room
404

Objectives

Discussion of the letter from the National Erasmus +
Office of Uzbekistan No. NEO-103 dated August 1, 2019.

Participants:

1. A. Nasirov National Coordinator of the project Erasmus+ NICOPA (NUU)
2. I. Abdurahmanov Local coordinator of the project Erasmus+ NICOPA (TIAME)
3. T. Kuchkorov Local coordinator of the project Erasmus+ NICOPA (TUIT)
4. I. Abdullaev Manager of the project Erasmus+ NICOPA (NUU)

Considered questions:

14:00-16:30

Discussion of the field monitoring results of the NICOPA project by the National Erasmus + Office have been taken place on May 2, 2019, as well as a discussion of the conclusions and recommendations of the EACEA (Agency) employee - project advisor Piia Heinämäki based on the results of the monitoring.

Main part:

Training in TU Berlin

Training TU Berlin 19 - 30 August 2019 Technical University of Berlin

The training focuses on precision farming using new technologies in the physical sciences such as Geographic Information System / GIS, Big Data and Remote Sensing. The academic teachers retrained at TU Berlin according to the plan. As a result the retrained academic teachers of the NUU will be able to handle the new methodology using the new integrated facility, the students will learn to use the new equipment.

Seminar about the results of training in TU Berlin

Seminar about the results of training in TU Berlin

20 September 2019

National University of Uzbekistan

Participants of the training in TU Berlin held a number of events in October to disseminate information about the project itself and information about the training held at the Technical University (Berlin).

Erasmus Plus Information Day

Erasmus Plus Information Day

4 October 2019

Tashkent State Technical University

This event was organized by the National Erasmus +Office in Uzbekistan (NEO) under the name “Erasmus + Info Day” at the Tashkent State Technical University named after Islam Karimov. At this event, executives of successfully accomplished projects shared their experiences on how to present applications, issuing requirements, development and management of the projects.

Erasmus Plus Information Day

Erasmus Plus Information Day

12 October 2019

National University of Uzbekistan

More than 70 people representing 5 higher education institutions from Tashkent and all country regions, line ministries and stakeholder organizations took part in the Information Day. During the event a round table was held, which was attended by the University management, employers, graduates, etc. during the round table, the results of all projects at the University, including the NICOPA project, were highlighted, most of the participants were interested in NICOPA who had an overview of the project, its purpose, and objectives, and received answers to their questions.

Activities “General information and achievements of the NICOPA project”

International Uzbek-Chinese Symposium Sino-Uzbekistan on the initiative of bilateral cooperation on the topic “Ecology, environment and sustainable development of the region”

11-15 October 2019

Xinjiang Institute of Ecology and Geography, China

The Symposium was organized by Xinjiang Institute of Ecology and Geography with the assistance of Chinese Academy of Science. In this event, Ilkhomjon Abdullaev made the presentation which contains general information and achievements of the project NICOPA: New and Innovative Courses for Precision Agriculture.
